

POLARIZED GOGGLE WITH SPARE LENSES MODEL NO. E6

Experience unparalleled clarity and protection with Patron Polarized UV Goggles with Interchangeable Lenses. Designed for outdoor enthusiasts, these goggles offer advanced features to enhance your visual experience in various conditions. Whether you're skiing down the slopes, cycling on a sunny day, or enjoying water sports, these goggles provide the ultimate combination of style, performance, and versatility

SPECIFICATION

- **Polarized UV Protection** : Shields your eyes from harmful UV rays while reducing glare for enhanced clarity and comfort in bright conditions
- **Interchangeable Lenses** : Easily swap between different lens options to adapt to changing light conditions or activities
- **Anti-Fog Coating** : Prevents fogging for clear vision in varying temperatures and humidity levels
- **Impact Resistance** : Designed to withstand impact and protect your eyes from debris or flying objects
- **Wide Field of View** : Provides panoramic vision to help you see more of your surroundings while engaging in outdoor activities
