

# SPEED HUMP

END CAP

END CAP

## DESCRIPTION:

Environmentally-friendly, manufactured from new and recycled rubber, easy to install or relocate. Designed to be strong and durable not to crack or shrink. The end caps are to round them off neatly to finish the job. Suited to use in concrete or asphalt to slow down speeding drivers in areas like schools, hospitals, retirement villages, multi-story car parks, caravan parks. Can also be used as a liquid bunding if installed with a sealant. e.g. silastic.

## FEATURES:

- Strong and durable not to crack or shrink
- Can also be used as a liquid bunding if installed with a sealant
